Total graphic area: 47.607"w X 98.48"h
Total visual area: 29.01"w - 43.607"w X 94.48"h
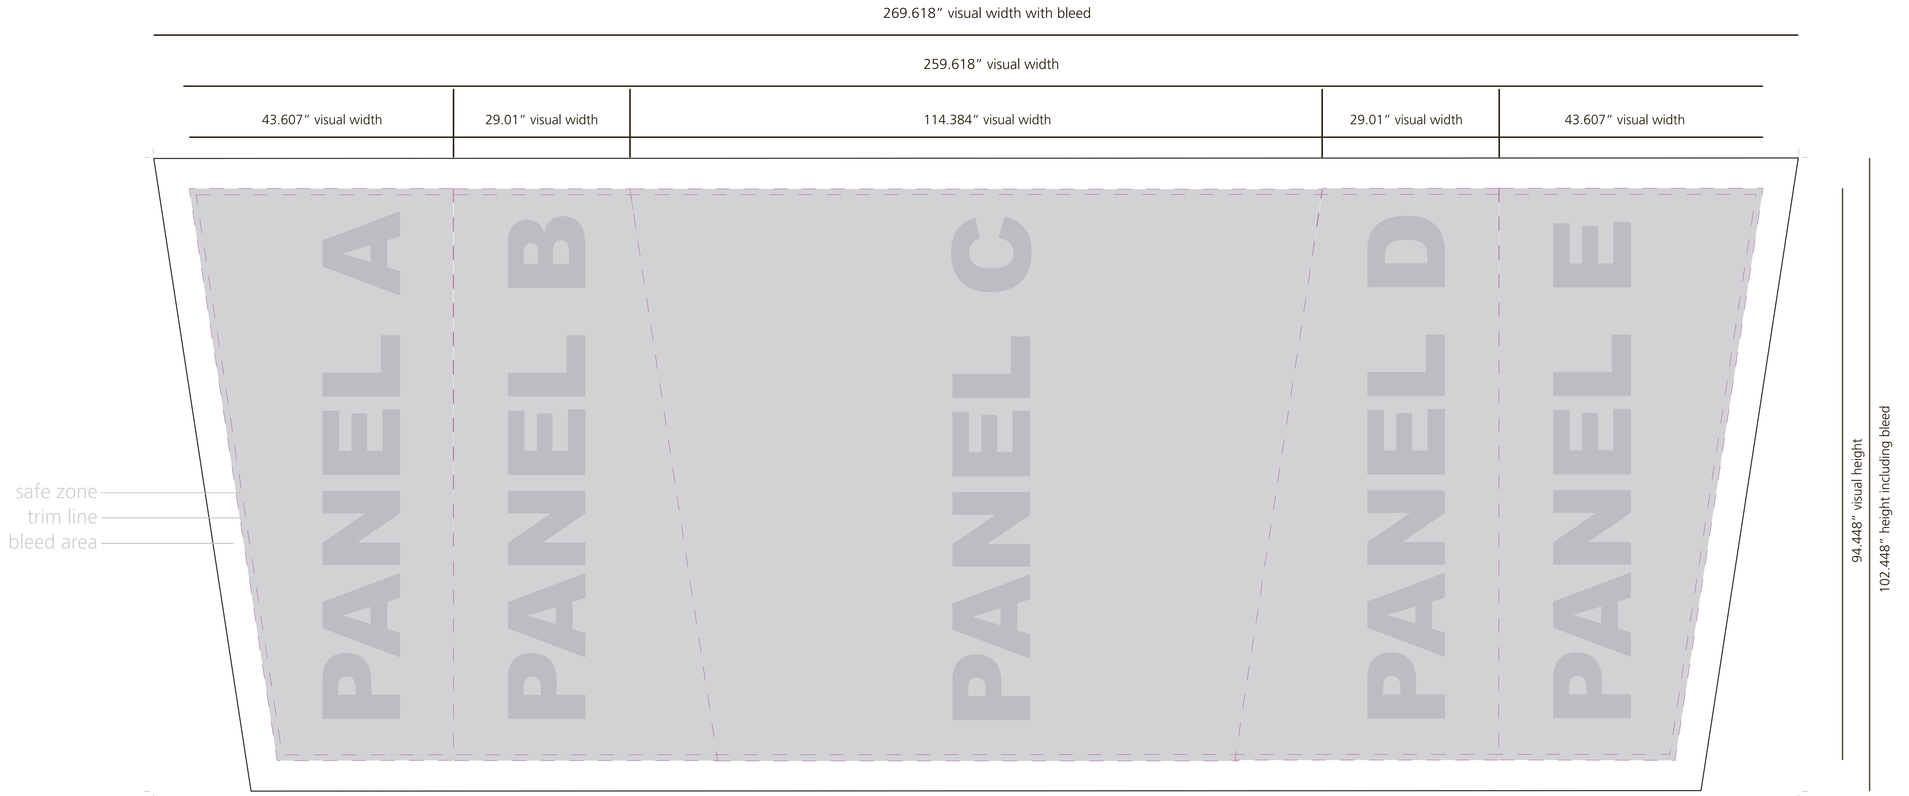
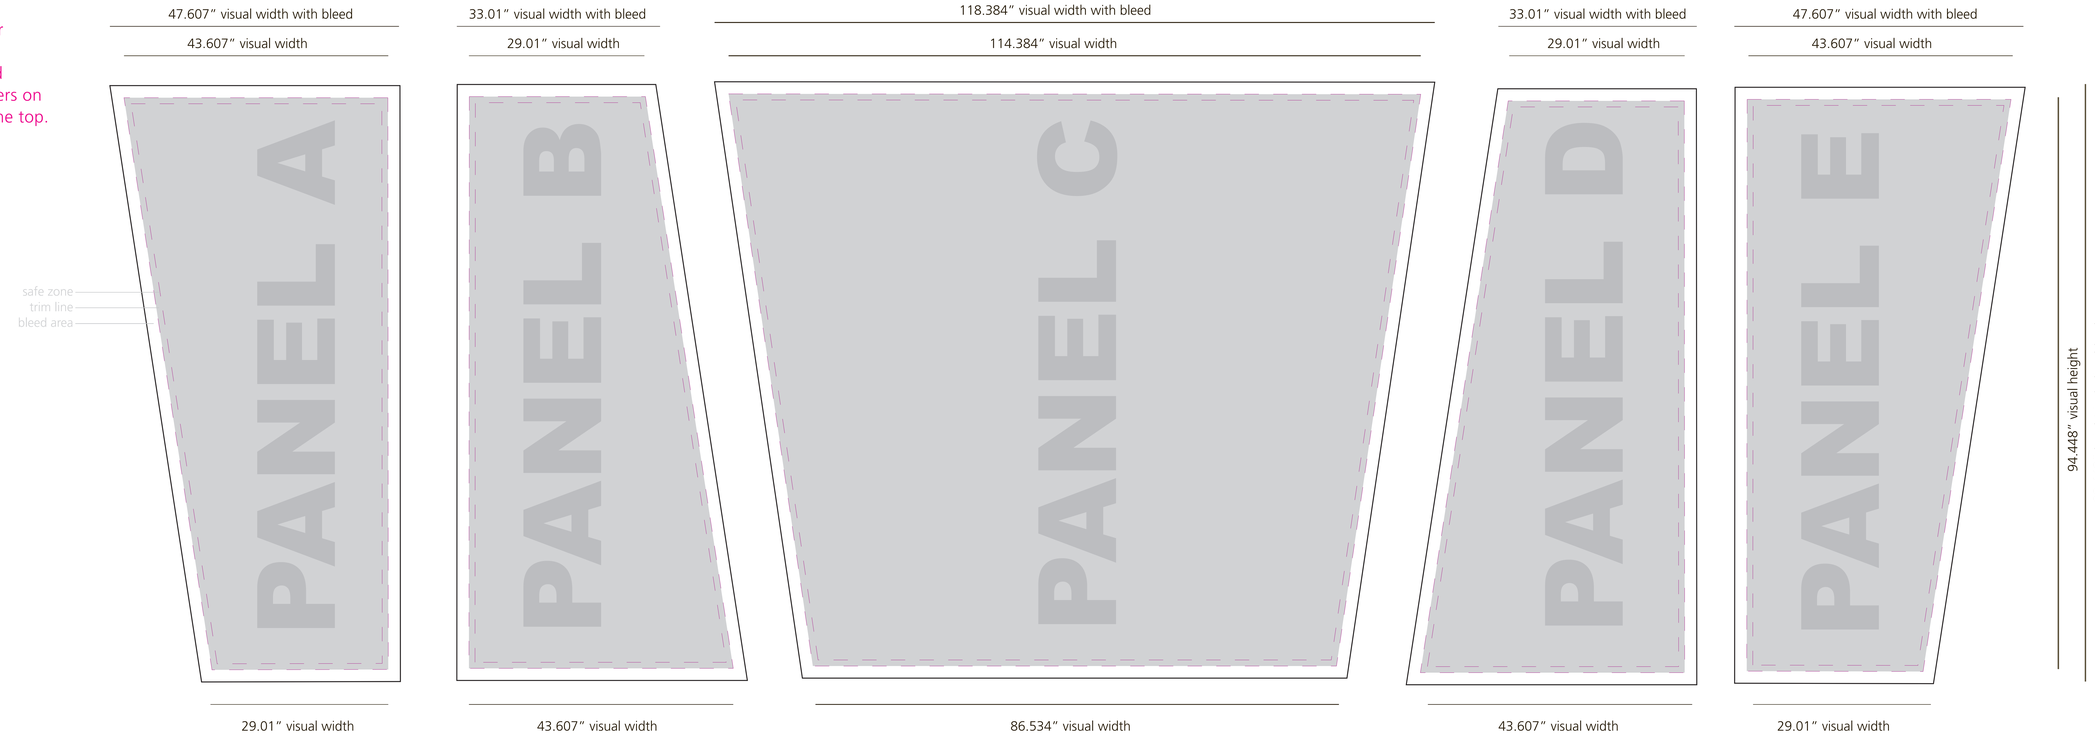
FLIP - 01 - Panel E
Total graphic area: 47.607"w X 98.48"h
Total visual area: 43.607 - 29.01"w X 94.48"h



Flipping option requires (2) sets of graphics or double-sided graphics. Code FLIP-01-GDBL
If flipping, please design artwork for the backside graphic in template (See Flip Kit 01 main version for layout) Flipping requires (2) seperate templates.

Please note that if ordering "double-sided" graphics, whichever sides are facing the back or not being used will be sewn upside down. Zipper location will also be reversed on "flipped double sided" graphics. One side wil have zippers on the bottom but when flipped, they will be on the top.

Please be sure to include the 2" bleed around the perimeter to compensate for the finishing of the graphics. Do not design any critical elements (text, logos, etc.) within 1" of the edge (see dotted lines).


General Artwork Guidelines
- cmyk color mode
- do not embed images, supply them
- resolution must be 100-120 ppi
- all fonts must be created to outlines
